TUESDAY MORNING, MAY 21, 1867.

P. L. SHOAF, Publisher and Proprietor.
DANIEL McLAUGHLIN, Editor.

EXCUSE US.—We owe an explanation to our many readers for the lack of editorial in this number. The cause thereof being the naked fact that we moved our household gods yesterday about five blocks nearer the Vindicator establishment. We will get under way after a little, and make up for all losses.

GONE FROM OUR GAZE.—The proprietor of this establishment, P. L. Shoaff, Esq., with his wife and daughter, left us yesterday, for a trip to the land of the free. He will visit the South, the East, the North, and the West, before he returns to Utah. Readers of the Vindicator will occasionally see the result of his observations, as he will correspond regularly with this paper. He may be happy yet.

REPORTED KILLED.—A gentleman informed us yesterday that Friar Tuck, the jayhawking parson, was killed in some railroad mash up. We have no crocodile tears to shed, but we do hope that the reported death is without foundation. He was too great a scoundrel to die so soon. —Salt Lake Telegraph.

The Telegraph man should not fret his milk too much about Friar Tuck. We are delighted to be able to inform our cotemporary that he "still lives," and does not propose to go dead during the present year of grace. He will be here before the waning of many moons and as he is of age, he can then speak for himself.

We understand that a brother of the Rev. Norman McLeod was killed recently in a "railroad mash up."

BY PACIFIC TELEGRAPH.

(SPECIAL TO THE "DAILY UNION-VEDETE.")

New York, May 17. The Time's special says, Jeff. Davis still remains secluded in the N. Y. Hotel. He will probably remain until Monday.

Chicago, May 17. Kirk & Co's soap factory was destroyed by fire this afternoon, losses \$100,000, mostly covered by insurance.

New York, May 17. The new brig Levi Stevens, 526 tons, cleared at Boston for San Francisco. The ships Geo. Griswold, Ocean and Eagle bound for San Francisco remained at Rio Janeiro April 8th, repairing.

The Virginia, from Vera Cruz brings news that Sinal and Meridian were in the possession of the Liberals. There will be no attempt to take Vera Cruz by storm.

New York, May 17. Shipments of specie to-morrow will nearly reach \$2,500,000.

Washington, May 17. The Supreme Court during its session, just closed, disposed of 200 cases, leaving 250 on docket. All Admiralty cases were decided. It is a matter of comment that the Court recognized Texas as a State in the Union, by allowing an injunction to restrain the payment of certain bonds. The Judiciary Committee sent for Baker to explain why his impeachment testimony was not substantiated by other witnesses.

Washington, May 17. The President to-day appointed George Bluntiford Envoy Extraordinary and Minister Plenipotentiary to the Court of Berlin. An official dispatch from St. Louis read at the Ad'l's. Gens. office says, since telegraphing to-day we have heard from Rankin, at Fort Buford, March 31st. No further hostilities against this post was attempted by the Sioux, although we have not been able to forward the mail from Jan. 27th, to March 31st.

(BY ATLANTIC CABLE.)

London, May 17. The mail steamer from Rio Janeiro arrived to-day. South American news is important. President Lopez, of Paraguay, accepted the mediation proposed by the United States Govt. Minister Washburne would send an answer to Washington. The allies on the other hand have not accepted the American plan. It is doubtful whether there will be any further fighting between the contending armies. The result in the district of Genoa, Argentine Republic, has assumed still more alarming proportions.

London, May 17. Consols, 93½, bonds, 72½.

FROM THE VIRGINIA TROOP.

A gentleman just arrived from Prescott reports that an express had just arrived when he left, with the news that the troops of either Captain Williams or Capt. Gross's commands had been defeated by the Apaches, near the Verde, forty miles east of Prescott, with the loss of 40 men killed. He asserts that the news is positive that about 250 Apaches are reported as raiding on the La Paz and Prescott road. They captured 48 miles near Abbey's Wells, besides Hanger's and Mc-Mullen's. They belonged to Charley Beah's Frink's or Warrington's trains—probably the former. They are also reported to have captured Manassie's train of seventy mules, loaded with goods, but another and later report says that the train is secure.

DEATH OF GOVERNOR McCOMICK'S WIFE.—Mrs. Gov. McCormick died suddenly, on the last day of April, after, as it was supposed by the attendant physician, that all danger was passed.

C. L. STRONG ACCIDENTLY KILLS A STAGE DRIVER.—On the 4th inst., at 4 A. M., whilst the stage was on the opposite side of the Colorado river from Hardyville Landing, Arizona, a sad accident happened, as follows: The driver halted for the ferryman, without success, and called out to those inside to discharge a pistol to attract attention. Mr. C. L. Strong took his pistol, to cock it, and finding the hammer difficult to raise, pulled it back with force, but not catching, the charge went off, and passing through an inch board killed the driver, Mr. James Tattle. An inquest was held and Mr. Strong exonerated without the slightest shadow of blame. There was another man with the driver, on the outside, and one or two persons besides Mr. Strong, were on the inside. It was simply a most unfortunate accident.

GREAT SALT LAKE CITY, May 9th, 1867.

EDITOR VEDETE.—Sir: We, the undersigned having very lately travelled from Denver by stage of Wells, Fargo & Co's, would feel obliged by your publishing in your reliable paper, a short statement in regard to the careless manner in which the United States Mails are transmitted by these carriers. On one occasion three bags of mail matter were brought to a home station by emigrants who had picked them up by the way side; and two other bags were found that had fallen from the conveyance unseen by the driver. The public ought to know about such carelessness; we are all interested in having our papers and letters properly delivered. The greater part of the overland journey from Denver to Salt Lake City was made in lumber wagons, without any seats and no springs. Is this proper treatment for the public to receive at the hands of a firm who are so largely compensated by the United States for a duty that they perform so badly! Very respectfully yours,

JAMES H. GAMBLE, Virginia City, Montana.
J. THOS. G. ISAACS,
THOS. G. McBRILL, Helena,
THEO. KIRCHHOFF, Idaho City, I. T.

We would add that the mail bags are thrown carelessly with the baggage into the passenger lumber wagons, and these being very frequently changed, the drivers seem to take no trouble in changing the bags, when such changes occur.

From the North.

We clip the following items from the Semi-weekly Idaho World, of the 11th inst:

ARTIFICIAL.—The bonds of Mr. John C. Carroll, Receiver of the Land Office for Idaho Territory, were made up in this city last Wednesday, for transmission to Washington.

ACCIDENT.—We learn that two or three animals belonging to the train of O'Connell & Madison, of Pioneer city, were badly mired in crossing the creek to reach that place a day or two ago, and that one of the animals and several packages of valuable merchandise were lost.

COMER TO STAT.—The three Chinamen sentenced—one to seven years and two to six years each—at the late term of Court in Boise City, were brought to the prison by stage of Thursday evening, and are now enjoying the peculiar hospitalities of those who get "on the inside" of that institution.

THE COLLECTION.—Mr. F. B. Britten, county Assessor and Collector, has sent in his monthly report for April, which shows that he has paid in \$3,240,818 taxes collected during the month. His report is gotten up in neat and very clear style.

NEARLY UP.—The new building for the Idaho City Hook and Ladder Company's truck, ladders, hose, buckets, &c., on Montgomery street, next door below Dr. Healy's office, is nearly completed.

A THING WORTH KNOWING.—An Exchange says, if people planting orchards or shade trees would give strict orders to mark the north side with red chalk, or in some other legible manner, before they are taken up, and when set out have the tree put in the ground with its north side to the north, in its natural position, a larger proportion would live. Ignoring this law of nature is the cause of so many transplanted trees dying. If the north side is exposed to the south, the heat of the sun is too great for that side of the tree to bear, and therefore, it dies up and naturally decays.

MISSING MAN FOUND.—A dispatch dated Washington, May 10th, says, the body of Fox the billiard player was found floating in the river to-day.

ASTROLOGY.

THE WORLD ASTONISHED

AT THE WONDERFUL REVELATIONS

MADE BY THE GREAT ASTROLOGIST,

Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, character and characteristics of the person. She reads your very thoughts, and by her subtle supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the magic signs that overmaster and predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with kindness and all desired information, \$1. Parties living at a distance may consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full mail, typewritten, written-out, with all inquiries answered, and likewise received, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. Deliverances of the highest order furnished those desiring them. Write today the day of the month and year in which you were born, indicating a small lock of hair, &c., &c., &c.

Madame H. A. PERRIGO.

The Daily Union-Advertiser

To Advertisers.—The *Advertiser* is the pioneer daily newspaper of Utah. Its extensive circulation in every part of the State and Territory, and its position as the only paper which gives the telegraphic dispatches a whole week ahead of the Pacific papers, makes it the most advantageous medium for advertising in these four central Territories.

LOCAL AND MISCELLANEOUS.

RUMOR.—The Madam has it that Orson Hyde and Amasa Lyman, both high up in the Church, have been tooting their horns south of here against polygamy and special revelations, of late. She also asserts that a gentleman, B. Young, Esq., known both to fortune and to fame, visited the southern settlements in Utah lately, and shut off their wind. The *modus operandi* has not been explained to us, so we will just say nothing about it at present.

HEMIGRA.—Large numbers of the residents of Utah, north and south of this city, who have dwelt in the pleasant valleys of Zion for years, are emigrating to America. Quite a number of families started yesterday with the government train that left Camp Douglas. We are informed that 130 wagons loaded with Josephites go out from hence.

They have soured on Zion.

OFF FOR THE STATES.—A large government train left Camp Douglas yesterday for Fort Laramie; Sol. Pearsall, wagon-master, commanding. An escort of about 40 soldiers, under Lieut. Gill, accompanied it. A number of citizens left with it, some of whom design spending the summer at Laramie; others will continue their journey to the states.

FAILURE TO CONNECT.—The eastern stage if not behind the age, is at least behind time. No arrival since Tuesday last. The cause is not known.

AWARDS.—Jennings of the Eagle Emporium, had the contract to furnish 15,000 bushels of coal at Camp Douglas awarded to him, at 67 cents a bushel.

J. M. Ellis won the privilege of furnishing 500 cords of wood to the same locality, at \$12 a cord. Cheap as dirt.

KNOW THY DESTINY.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrist, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychometre, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, etc. This is no humbug, as thousands of testimonials can attest. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be, by inclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and inclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. A YOUNG LADY returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the *Circassian Balm*, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. This Company having greatly enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business.

The Tariff of Charges

Which they now submit to the public—containing with reference to the cost of material and labor—lower than in any other part of the world, and secure to the mining interest of this coast an important increase in both the minting and commercial value of bullion.

Their charges hereafter will be as follows:

For Assaying Deposits for Unparted Gold Bars.

One-eighth of one per cent. (heretofore a quarter) for all amounts over \$1,000, and two dollars for any smaller sum. Returns made in twenty-four hours.

For Assaying Deposits for Unparted Silver Bars.

Two dollars for the gold contained, up to \$1,000, and one-eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

For Refining Deposits made for Cash or Fine Bars.

On bullion under 300 parts gold, 2 cents per ounce. On bullion from 300 to 600 parts gold, 4 cents per ounce.

On bullion from 600 to 750 parts gold, 6 cents per ounce.

On bullion from 750 to 900 parts gold, 8 cents per ounce.

Above 950 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

For Coining Gold.

This charge will be the same as at the Mint—a half of one per cent.—and which is paid by us to that institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

Returns in Gold Made in Forty-Eight Hours.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint. Gold bars of other Assayers in good standing, will be cashed by us at the highest market rates.

Dust and bullion can be forwarded to us from any part of the country, and returned made through Wells Fargo & Co.'s Express.

Charges at U. S. Branch Mint.

For the convenience of those not familiar with the terms of the Mint, we publish the tariff of charges here in force at that institution:

For refining bullion under 300 parts gold, 3 cents per ounce.

For refining bullion from 300 to 600 parts gold, 5 cents per ounce.

For refining bullion from 600 to 750 parts gold, 7 cents per ounce.

For refining bullion from 750 to 900 parts gold, 11 cents per ounce.

For refining bullion from 900 to 949 parts gold, 14 cents per ounce.

The charge for coinage is half of one per cent., and the charge for making fine silver bars, the same.

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost 1/2 of one per cent.—they number sold at the following per value to equal the bars which would have been made had they been deposited for coinage:

\$30 par to equal Mint return, at refining charge of 14 cents.

\$45 par to equal Mint return, at refining charge of 11 cents.

\$55 par to equal San Francisco & S. F. Works return at refining charge of 8 cents. (See 71-2-3-4)

FOR ONE DOLLAR.

**The Merchants' and Manufacturers'
JEWELRY ASSOCIATION**

Call your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and the recent disastrous financial crisis in Europe, has caused the failure of a large number of jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one-third the cost of manufacturing. We have lately purchased very largely of these bankrupt Goods, at such extremely low prices that we can afford to send away Fine Goods, and give better chances to draw the most valuable prices, than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no blanks. Parties desiring to see our goods should have prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' and Manufacturers' Jewelry Association, and have kindly allowed the use of their names:
